Thank You Hospice Nurses!

May marks the celebration of Nurses Week. We could not be more thankful to our nursing staff for their diligence and compassion. Undoubtedly, their helping hands and caring hearts truly makes our mission possible!

Great Place to Work Certified

Great Place to Work Institute and its senior care partner Activated Insights have honored Hospice of Southern Illinois with certification as a Great Place to Work for the third year in a row. The certification process involved surveying 100% of employees from across our locations and evaluating more than 60 elements of team members' experience on the job. These included employee pride in the organization's community impact, belief that their work makes a difference, and feeling their work has special meaning. Rankings are based on employees' experiences, no matter who they are or what they do.

Not all hospices are the same.
